

Voice of the Child

Examples of Supervision Questions

- How can I improve the way I communicate with children / young people and their families?
- Are my interventions child centred?
- Do I actively listen to the children / young people I work with? If not, why not?
- Do I actively seek the views of the child in all my work with the child / family?
- How do I record the views of the child?
- How often do I reflect on these views?
- Am I child focused when planning interventions?
- Is the child's behaviour consistent with what I am being told?
- Do I need to use easy read materials?
